

First, most of all, we would like to thank all of the people who have been involved in the finding of HMAS SYDNEY 11

No matter how big or small their contribution has been it has brought peace of mind to all the loved ones who have lived their lives *not knowing*, not knowing *where* that magnificent ship lay in a watery grave.

My name is Patricia ( BUDDEN ) LEWIS. My beautiful brother was on that ship. His name---**Keith Eric BUDDEN**. Yeoman of Signals. My age—15 years, his age 25years at time of sinking.

We attended the Memorial Service at the Cenotaph, Martin Place SYDNEY, 19 11 08 ( Sixty seven years on,) with the remaining Family members, and my husband, Pierce Keith Lewis, and our daughters Lesley Ann and Wendy Patricia.
